

Advanced Applications of Computational Mathematics

Editors:

Akshay Kumar, Graphic Era Hill University, India
Mangey Ram, Graphic Era Deemed to be University, India
Hari Mohan Srivastava, University of Victoria, Canada

This book "Advanced Applications of Computational Mathematics" covers multidisciplinary studies containing advanced research in the field of computational and applied mathematics. The book includes research methodology, techniques, applications, and algorithms. The book will be very useful to advanced students, researchers and practitioners who are involved in the areas of computational and applied mathematics and engineering.
